Mentoring:

I consult with the principal and administration, mentor teachers, meet with special education/playground assistants, and give demonstration lessons. I also present faculty and school community workshops. With my extensive experience as early childhood and grades teacher I welcome each unique opportunity to participate and support a school community. I have longtime expertise in singing games and am the author of *Singing Games for Families, Schools and Communities*. I teach curriculum through movement and the arts, including grammar, history and teacher renewal. I am an advocate of play and reconnecting to nature.
